

## ABSTRACT

6-trifluoromethyl-2-vinyloxy-4-oxatricyclo[4.2.1.0<sup>3,7</sup>]nonan-5-one of the present invention is represented by the following formula (1).

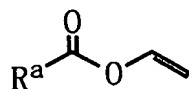

5

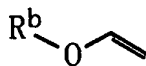

This compound can be produced by reacting 6-trifluoromethyl-2-hydroxy-4-oxatricyclo[4.2.1.0<sup>3,7</sup>]nonan-5-one represented by the following formula (2)

10 with a compound represented by the following formula (3a) or (3b),

(3a)

(3b)

wherein R<sup>a</sup> and R<sup>b</sup> are each a hydrogen atom or a hydrocarbon group.
